

## **Hacina Py**

Hacina Py is Global Head of Export Finance since October 2015. She heads a team of 70 professionals based in 12 countries, focused on structuring Export Credit Agencies backed financing in favour of emerging countries. The team also spends time in developing ideas and solutions on strategic fields that are not easily bankable yet, such as solar energy, sustainable cities and agriculture. Hacina represented SG at the inauguration of the International Solar Alliance in Delhi in March 2018.

Hacina joined Societe Generale in 1995 as a credit risk officer and has held various positions both in commercial and transversal roles, in Paris and abroad in the Global Finance division. She joined the shipping finance team in 1998, then moved to Brussels in real estate finance in 2002, before transferring to Madrid in the asset based team. Back in Paris in 2007, she was appointed Deputy Head of the Asset Based Finance team and then took the lead of the Exposure Monitoring team in 2009. She then took on the responsibility of the Scarce Resources team for the Global Finance and Coverage and Investment banking divisions in 2012.

Hacina graduated from the EM Strasbourg business school and studied finance at Heriot Watt University, Edinburgh.
